	L = 1600 mm B = 1300 mm H = 850 - 950 mm	L = 2000 mm B = 1300 mm H = 850 - 950 mm	L = 2500 mm B = 1300 mm H = 850 - 950 mm			4 Litres	

Technical data are valid for basic machine without options. Size according to layout.

Roller conveyors, sliding, lift and work tables

(Supplement)

U-R-B-A-N
Trust. Right from the start!

Roller conveyors vertical RV

facilitates transportation of windows elements.

- available in 260 mm and 500 mm roll width at bottom and 200 mm (100 mm) pitch
- available in lengths of 1 m and 2 m
- individual grouping assembly possible prefabricated machine parts systems

- durable due to strong loadable castor types

Supplement variant
- roller conveyor can be moved aside
- moving unit FH 10.2

RV 27.1

Drive unit with brake FH 10.2

RVS/W RVT door frame

RV 27.5 Option 5-fold divided

RV.ES 50/26 End stop

Tilting tables ST 2400, ST 3000

move windows from horizontal into vertical position and are therefore flexible allround work places.

- stepless, pneumatic adjustable tilting area from 100° to 180°
- easy removable roller conveyor

- profile protecting with glass ledges or felt surface (please indicate when ordering, brush available at extra charge)
- table height from 850 mm to 950 mm adjustable, therefore integrable into production line

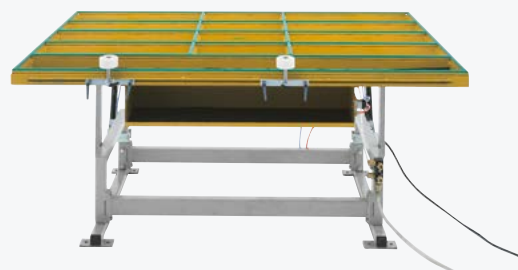

SP 120, SP 200

ST 2400

Work tables BT 1605, BT 2005, BT 2505

for the assembly of metal fittings and corner fittings.

- pneumatic adjustment of the table inclination up to 15°
- counter hold by two individually adjustable casters
- profile protection by guide rails or felt surface (please indicate when ordering, brushes available at extra price)
- table height adjustable from 855 mm to 950 mm, therefore integrable into production lines

Option
- mobile transport units FH 10.2 and FHS

Height adjustable tilting table STH 2500

move windows elements into correct machining position From horizontal into vertical and from bottom to top bottom.

- stepless tilting table area from 100° to 180°
- stepless height adjustable up to 500 mm
- left and right extendable additional support up to 500 mm
- 2 flat clamping cylinder units (SP 120)
- easy removable roller conveyor
- profile protecting with glass ledges or felt surface (please indicate when ordering, brush available at extra charge)
- table height from 850 mm to 950 mm adjustable, therefore integrable into production line

Supplement variant
- STH 2500/W same as STH 2500 only with weather bars notch (72 mm deep, 140 mm high)
- additional flat clamping cylinder unit SP 120, SP 200
- moving unit FH 10.2

STH 2500
